Rome, 16th May 2024

Dear colleagues,

I would like to express my utmost solidarity with you for the struggle you are conducting to obtain an adequate wage increase for workers in our sector, and we are happy with the success of the strike you organised.

Due to the inflation of the last three years and the growth of social inequalities, we can only agree on the need for adequate wage increases in our sectors in Europe to ensure more social justice and sustainability.

That is why Fillea CGIL is at your side and I am counting on organising a meeting with you to share common goals.

Fraternal regards

Alessandro Genovesi - *General Secretary*
